Unit 6 Extension worksheet

London

A
London is a fascinating city. Today, it's England's capital city, but this wasn't always true. One thousand years ago, Winchester was the capital of England. But from the 11th century, London was England's capital city.

B
In those days, there weren't lots of tall buildings in London and there weren't lots of cars, buses or trains. But today, London is a very big city with tall office buildings and lots of train stations, bus stops and

busy roads.

C
There are lots of things to do in London. You can see plays at the many theatres and you can buy all kinds of clothes in the shops and department stores. You can eat delicious food in the restaurants and cafés. You can learn about history in wonderful museums and you can visit some of the city's beautiful old churches. I was very happy in London.
